

WHO IS RELMARK

Almost 10 years ago, RelMark, a versatile insurance program manager and wholesaler for specialty businesses, developed specialized insurance programs for **Fire Sprinkler Contractors**. This comprehensive insurance program is specifically designed to cover sprinkler contractors for their distinctive operations, which may include design, fabrication, installation, service, repair, testing and inspection of water-based fire protection systems.

WHAT SETS RELMARK APART FROM THE REST

- A Rated Insurance Company (admitted carrier in most states)
Program available in the continental US states
- In-house, dedicated, Claim Specialists who understand the fire sprinkler industry
- Industry focused Risk Management resources
